An Affiliation of Divine Science Ministries

December 2016

Dear Members and Friends,

We at Divine Science Federation trust you and yours are enjoying all that you have and all the holiday season brings. Being in the midst of this time of gratitude and celebration, we are grateful for so much and wish to celebrate with you our successes of this year:

- New Daily Study email program with contemporary authors
- Spiritual Call-In held every Thursday evening
- Monthly Chat with DSFI President
- Bi-Monthly *Spirit in Action* filled with Spiritual nourishment
- Successful Biennial Retreat/Conference held at Sunshine Cathedral filled with love and learning
- Becoming more financially stable
- 6 new Divine Science practitioners certified
- 15 new Divine Science ministers ordained

We who believe in the Omnipresence of the Divine know that the spirit of abundance is part of who we are. Study, prayer and meditation help each of us to demonstrate this Truth in our experiences. Because of your interest in and connection to Divine Science we know you to be a spiritual seeker of the 21st century. Awakening to the consciousness of oneness with the Divine and universal life is the ultimate success for all.

As you contemplate your life during this season of gratitude and celebration, we ask you to express your appreciation for our work and for all you have received from Divine Science with a gift in support of our work. Your love offering will help us do even more to:

- Share the teachings of Divine Science
- Support our members' Spiritual growth
- Ensure the teachings of Divine Science are available for generations to come

Help us end the year on a high note with your love offering today. Our goal is to raise \$10,000 for publication of the all-new Daily Studies as a book and to support the addition of electronic versions (Kindle) of our most popular books. You can help make these come to fruition with your donation today.

Blessings,

Rev. Dr. Timothy G. Stewart
DSFI President
