
DIVINE SCIENCE FEDERATION INTERNATIONAL

An Affiliation of Divine Science Ministries

Summer 2017

Dear Friends in Divine Science,

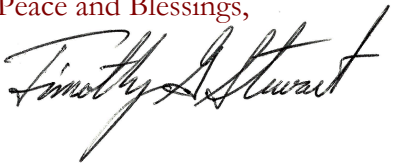

We trust you and yours are delighting in the wonder of this beautiful season and the joy it brings your way. DSFI is working every day to deliver Spiritual nourishment to enrich your experience in this world. Daily meditation on Perfect Life and embodying Truth allows us to remain steadfast on our path of joy, freedom and peace. We at DSFI are here to assist in your Spiritual journey.

If you are new to our way of thinking please reach out to any of the Divine Science professionals listed at Ministers/Practitioners under the What We Offer heading. We invite you to read and learn as much as you can from our literature. Consider participating in our weekly Book Study Groups or Spiritual Call-Ins. You will enjoy many benefits and be blessed from your reading, studying, learning and living the Divine Science principles.

We are currently working to create new Divine Science publications for your spiritual study and mindfulness practice. Our goal is to share Truth throughout the world.

DSFI's newest Spiritual offering is our teleconference Book Study Group, which will start meeting weekly in September to study together from *Studies in Divine Science* by Daisy Baum. The Daily Study email program is continually being updated with more writings from contemporary leaders. The Spiritual Call-In held every Thursday evening (a discussion of the day's passage from *Daily Studies in Divine Science*) celebrated its one-year anniversary this past May. Please know you can participate in these spiritual offerings at no charge. However, we ask you to join us in our intentions and efforts to share Truth with the world.

Peace and Blessings,

Rev. Dr. Timothy G. Stewart, President
